Pronouns

You may have noticed that we are asking, when booking onto events, whether you would like to include your pronouns on your place cards. **But why?**

Pronouns are words we use in everyday language to refer to ourselves or others. They can be an important way to express your gender identity. 'I', 'me', 'she/her', 'he/him' and 'they/them' are some examples of pronouns. Some trans and gender non-conforming people may use 'they', 'them' and 'theirs' as personal pronouns. 'They' is considered a gender-neutral pronoun, compared to pronouns like 'he/him' or 'she/her' which are generally perceived as gendered terms.

Pronouns can be used to role model trans allyship, allowing others to see that inclusion is a key component of our College culture. For more information on why you might like to introduce yourself with your pronouns, and how to be inclusive of others doing so, please see here:

[A beginner's guide to pronouns and using pronouns in the workplace | Stonewall](#)

College Hospitality

We now have a 'College Hospitality' option when booking onto events. This is only to be used by those that have specific allowances from the College, and have been emailed to confirm that they can use this option. We reserve the right to cancel bookings that are not eligible.

Should you have any questions about the Termcard or upcoming events in Michaelmas Term, please email the events team at:
